Tiny Tot's News

Greetings Friends and Families of Tiny Tots,

We are past the ½ way mark and it's hard to believe summer is winding down quickly. We still have lots of fun in store. This year we are planning for our Tiny Tots picnic at Silver Creek Athletic Association in Springtown on August 3rd. Our sign-up sheet is on the door for the Pot luck meal. We hope you will all attend.

We will be starting our Fall Fundraiser the 21st of this Month. This year we will be using Holiday Wishes Seasonal Catalog, there are a lot of great items to purchase. We encourage you to participate as this helps keep the cost down. We use this money for Holiday activities, summer field trips and entertainment for the children.

The first day of the new school year will be Monday, August 28th please let the office know if your child's schedule will be changing, *please make sure all drop offs are before 9:15*. Thank you. Please encourage your child to walk up the steps and hold onto the railing if they can walk. It is a confidence builder and validates their gross motor skills.

Parents, please keep up the great job of hand washing. Please continue to do your part in minimizing the spread of germs. If your child is running a fever, vomiting or diarrhea please keep them home till they are **fever, vomiting or diarrhea free for 24 hours without medication**. If your child has a sibling, it is best to contain the illness at home rather than share it with the center. Please be advised that our newsletter can also be found on our website at: www.tinytotslc.com if you have any trouble opening the newsletter from an e-mail attachment you can also get it under the calendar tab of our website as well as our lunch menu.

Hoping you are all enjoying the summer!

Audra, Melissa & Marge 😊

Infant Room

Hoping that everyone enjoyed the Fourth of July break! The children and I had lots of fun this month comparing items, talking about going on vacation, collecting rocks and sea shells, and playing with water!

We are looking forward to learning about the solar system and all the fun things about summertime. Enjoy the rest of the summer!

Toddlers

Welcome back! We hope everyone had a nice vacation. In July, we learned all about comparing, contrasting, collecting, rocks, minerals, and vacation. We had lots of fun playing games and reading books. We also went on a nature walk and practiced collecting and gathering items. In August, we will be learning all about the solar system and summer. We will continue our water play days, and learn about the planets. Enjoy the rest of your summer!

Kids Klub

Welcome back! We hope you had an awesome 4th of July week! In July, we did much exploring into the wild, wild, west, sports, and animals. We went to the Flint Hill farm and had loads of fun bowling. We're in our last weeks of summer camp and there are many more exciting themes to look forward too. We have Vacation, Water, Top Chef, and Art week coming up soon. We have many exciting fieldtrips left; The splash park, Water St. Park, Peace Valley nature center and Inside Scoop.

Preschool & Pre-K

The month of July went by so fast! We had so much fun learning about different vacations and rocks and minerals. We played in the water and painted seashells during beach week. Then we ate s'mores and played with flashlights during camping week. We also had a picnic lunch, ate yummy Rita's and grew crystals. It was fun! In August, we will learn about the solar system. We will make marshmallow constellations and paint planets. We will also go on a field trip to the park and have a picnic lunch. We will bounce on the moon bounce, play carnival games, and tie dye t-shirts. We are so excited! Happy Summer!
