Tiny Tot's News

Happy February,

We will be celebrating Valentine's Day, Thursday the 14th. If your child would like to participate in card giving our teachers will be sending home a class list. If you would like to send in special treats there is a sign-up sheet posted on our front door.

Children need to play outside every day, even in winter. Going outside to run, jump, yell, and wiggle allows children to use their large muscles and work off extra energy. Moving out into the fresh air is also healthier for children than keeping them inside a closed building where germs can easily spread. *Please remember Hats, Gloves, Snow Pants, Boots, etc. We do go outside weather permitting.* Please remember we take the children outside regularly in the winter unless the wind chill dips to 25 degrees F or below, or there is precipitation.

Please be cautious of parents and children in the driveway and drive safe and slow. Please remember to pull forward leaving the steps open.

Please be advised that our newsletter can also be found on our website at: www.tinytotslc.com if you have any

Trouble opening the newsletter from an e-mail attachment you can also get it under the calendar tab of our website as well as our lunch menu.

Thanks. Audra. Melissa. Marce

Infant Room

In January we talked about things that the same and different. We learned more about the weather, rainbows, the sun, and little black rain clouds. We made an ice cube paintings and had lots of fun with winter sensory. In February we will celebrate Groundhog Day, President's Day and Valentine's Day. We will be making an American flag with our hand prints, a foot and handprint groundhog, and a special Valentine for our family. We will also talk about health and good nutrition.

Happy Valentine's Day!

Toddlers

The month of January has come and gone. We had a lot of fun running around and playing in the snow! We also enjoyed learning about the weather and Martin Luther King Jr.

In February we are going to learn how to keep our bodies healthy. We are going to get a chance to taste different fruits and vegetables and exercise. We are also going to learn about healthy teeth. On February 14th we will be having our Valentine's Day party. We will be exchanging cards so a class list will be sent home with your child in the beginning of the month.

Preschool & Pre-K

January was such a fun and exciting month! We made hot chocolate and voted for our favorite toppings. We also learned about the four seasons and did some fun weather science experiments. In February, we will spend time talking about how we can show others we care about them and demonstrate kindness. We will celebrate our friends on February 14th with a fun filled Valentine's Day party. More information will be sent out soon. We will also learn about ways to stay healthy. We will try different fruits and vegetables and exercise. We will also talk about George Washington and Abraham Lincoln and begin to learn how to tell time.

Young Toddler

January was a fun exciting month for us. We had a blast ringing in the New Year with learning about compare and contrast, weather and same and different. We had a lot of fun playing in the snow as well. We got to celebrate two of our classmates first birthdays. We are excited for what February has in hold for us and can't wait to learn about health and nutrition, patriotism and time and looking forward to our Valentine's Day party!

School Age

The beginning of the New Year came and went by fast. We had a great time in January, making winter crafts and learning about Martin Luther King Jr. Day. In February, we will begin to learn about health and nutrition, as well as talk about patriotism. We will also spend some time celebrating Valentine's Day by making our parents cards. As always, we will also use our time to work on homework and socialization skills.
